

## Quality Policy:

Rea Magnet Wire Company, Inc., will safely manufacture and deliver, on-time, defect-free products and services. Rea is committed to the process of continual improvement while striving to meet and exceed customer and regulatory requirements.

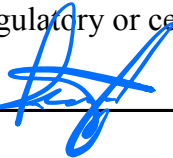

## Quality Objectives:

- Provide our customers with only the highest quality products and services.
- Provide products and services on time in the best possible way.
- Provide open communications with our customers in order to meet the customer's needs.
- Provide a system of Continuous Quality Improvement.
- Provide a system of employee involvement, motivation, and training.

## Background and Scope:

The Rea Magnet Wire Company, Inc., is one of the world's largest designers and manufacturers of nonferrous insulated and bare wire used in motors, transformers, coils, and many other electrical and mechanical products.

The scope of this document encompasses the activities needed to meet or exceed the requirements of our customers, pertinent regulatory or certification bodies, and the ISO 9001 standard with products Rea provides.
